

Find your favorite dentists and take care of business

Our online directory and member website

Easy searches with the directory

Before deciding on coverage, you want to know which dentists you can visit. Our online directory lets you search. And learn more about the dentists, too.

Use the directory to:

Save money. Your costs are usually lower when you visit dentists and other health providers in our network. So we point them out to you.

See the latest. There's lots of helpful information on network dentists. And it's updated daily.

Get your results. Once you sign up for your member website, our directory "recognizes" your dental benefits and insurance plan. That means search results are right for you.

Find what you need

Search by type of dentist or name, and by procedure. You can then narrow the search by:

- City, state, ZIP
- Specialty
- Gender
- Whether they're accepting new patients

To search

If you're not an Aetna member, visit www.aetna.com. "Find a Doctor" gives you access to the directory.
