Franklin County Cooperative Health Benefits Program Overview

The Franklin County Board of Commissioners offers an exceptional health benefits plan through the Franklin County Cooperative Health Benefits Program.

Your Eligibility and Your Dependents' Eligibility

If you are a regular full time employee scheduled to work at least 30 hours per week, you are eligible to participate in the Franklin County Cooperative Health Benefits Program.

Eligible dependents include:

- Legal spouse of employee (excludes ex-spouse and legally separated spouse)
- Domestic partner of employee (cannot be a legal spouse)

The Cooperative covers the following children up to the end of the month in which the child turns age 26.

- Natural child of employee
- Natural child of domestic partner (only if domestic partner enrolls)
- Stepchild of employee
- Legally adopted child of employee, spouse or domestic partner
- Legal Ward (Child for whom legal guardianship has been awarded to employee, spouse or domestic partner.)
- Child for whom health care coverage is required through a "Qualified Medical Child Support Order" (QMCSO).
- Child of an enrolled dependent child, i.e. grandchild of employee (Child must enroll.)

A disabled child of any age is eligible as long as the disabled status continues. (See **Exhibit 1** for restrictions.)

See **Exhibit 1** for detailed definitions of eligible dependents and the documentation that is required upon enrollment.

If a dependent loses eligibility, it is your responsibility to remove the dependent from your coverage. **ENROLLING AN INELIGIBLE DEPENDENT OR FAILURE TO REPORT A LOSS OF ELIGIBILITY OF A DEPENDENT IS CONSIDERED FRAUD AGAINST THE PLAN AND IS PUNISHABLE UP TO AND INCLUDING TERMINATION OF EMPLOYMENT.**

Your Benefit Options and Costs

Your benefit options are broken down into three categories:

EMPLOYER PAID

EMPLOYEE PAID

EMPLOYER AND EMPLOYEE SHARED COST

EMPLOYER PAID:

- \$50,000 of Basic Life Insurance
- \$50,000 Accidental Death & Dismemberment (AD&D) Life Insurance
- Employee Assistance Program (EAP)

As a benefits eligible employee of the Franklin County Cooperative, you are **automatically** provided these benefits **at no cost to you**. Your employer pays 100% of the cost.

EMPLOYEE PAID:

- Additional (Supplemental) Life Insurance

You have the **option** of electing additional amounts of life insurance on yourself as well as coverage for your spouse or domestic partner and your children. You pay 100% of the premium cost. Premiums are deducted from your paycheck post-tax. Rates are provided in this guide.

- Short and Long Term Disability

You have the **option** of electing short and/or long term disability. You pay 100% of the premium cost. Premiums are deducted from your paycheck post-tax. Rates are provided in this guide.

- Flexible Spending Accounts (FSA)

You have the **option** of contributing to an employer sponsored Flexible Spending Account (FSA). Both Healthcare FSA and Dependent Care FSA options are available. An FSA plan allows you to set aside pre-tax dollars from your paycheck and deposit them into an account. You can use these funds to pay for qualified out-of-pocket health and dependent care expenses. The advantage of using an FSA is that you reduce your taxable income and use pre-tax dollars to pay for expenses.

Your Benefit Options and Costs

EMPLOYER AND EMPLOYEE SHARED COST:

- Benefits package including:
 - Medical
 - Dental
 - Prescription Drug
 - Vision
 - Behavioral Health

You have the *option* of enrolling in a benefits package which includes the coverages listed above. Benefits are offered as a ‘package’, i.e. you cannot enroll in medical only or dental only.

If you enroll in the benefits package, your **monthly contribution** is:

Coverage WITHOUT a spouse or domestic partner	Coverage WITH a spouse or domestic partner
\$124 per month *	\$253 per month *
Includes: Employee only Employee plus child(ren)	Includes: Employee plus spouse Employee plus domestic partner Employee plus spouse & child(ren) Employee plus domestic partner & child(ren)

Note: This schedule of monthly contributions applies to non-union Board of Commissioner (BOC) employees. If you are a member of a bargaining unit or are employed by a non-BOC agency, confirm your monthly contribution with your agency.

* The contributions illustrated above do not include premiums for Additional (Supplemental) Life and Short or Long Term Disability Insurance or your contributions to a Flexible Spending Account (FSA).

What if I don't want to enroll in the health plan?

Even if you decline enrollment in the benefits package, the EMPLOYER PAID Basic Life and AD&D Insurance and EAP benefits are provided for you. You are also able to elect EMPLOYEE PAID Additional/ Supplemental Life Insurance and Short and/or Long Term Disability Insurance and enroll in the Flexible Spending Account program.

Your Domestic Partner and Taxes

The IRS does not recognize domestic partners or their children as ‘qualified’ dependents of the employee. If you enroll a domestic partner, IRS tax rules impact your **taxable income** in two ways.

Monthly Contribution: Your monthly contribution is split pre- and post- tax if a domestic partner is enrolled. In the example below, Jane enrolls a domestic partner. Her total monthly contribution for her benefits package is \$253.

\$124 is deducted from her paycheck pre-tax. \$129 is deducted from her paycheck post-tax.

Fair Market Value: The fair market value (FMV) of the domestic partner benefit is the value of the benefit or the cost to your employer for providing the benefit. This value is taxed as imputed income.

The example to the right is the situation for most County employees. The FMV of the domestic partner benefit is \$966.93 per month.

In this example, Jane is in the 20% income tax bracket. Since the FMV is taxed as imputed income, an additional \$194* is taken from Jane’s monthly pay to cover the FMV taxes. Jane’s take home pay is reduced by about \$2,330 annually.

A chart showing the fair market value of domestic partner coverage is available at <http://bewell.franklincountyohio.gov> and posted on the online enrollment system.

If you enroll a domestic partner and discover the additional taxes are too much, you will not be able to drop coverage for your domestic partner until the next Open Enrollment. **Therefore, you are encouraged to research your options thoroughly and to seek advice from a tax attorney.**

Example: Jane enrolls a domestic partner w/o children		
Jane’s monthly contribution: \$253		FMV of domestic partner benefit: \$966.93
Pre-tax	Post-tax	Jane’s income tax bracket: 20%
\$124	\$129	Jane’s additional taxes per month: \$194 *

* Equals 20% of \$858.82.

Jane’s monthly pay is reduced by the following amounts:	
Pre-tax monthly contribution	\$124
Post-tax monthly contribution	\$129
Taxes on the FMV of the domestic partner benefit	\$194
Total reduction in Jane’s pay per month	\$447

Your Same Sex Spouse and Taxes

The IRS recognizes same sex spouses and their children as ‘qualified’ dependents of the employee for federal tax purposes only.

Your New Hire Enrollment

You must enroll within 30 days from your date of hire. If you miss this initial enrollment opportunity you must wait until Open Enrollment to enroll. Your benefits become effective on the 1st of the month following your 30th day of employment.

Shortly after your hire date, instructions on how to access the self-service enrollment system at <https://fccbenefits.com> will be mailed to your home address. On your first visit to the enrollment system, you will need your social security number, your date of birth and the company key **fcc** (all lowercase) in order to register a User Name and Password. The enrollment system is accessible from any computer with internet access: home, work, public library, etc. If you do not have a computer available to you, contact your HR/Payroll Officer for assistance.

Prior to making your benefit elections online, you are encouraged to do the following:

- Read the dependent eligibility information provided in **Exhibit 1**.
- Decide which dental plan you want.
- Decide if you will elect Additional (Supplemental) Life and if so, how much.
- Determine beneficiary assignments for your life insurance.

You will be asked to supply the following information during your enrollment session:

- Social security numbers and dates of birth for each dependent being enrolled.
- Address for any dependent not living with you.
- Other coverage in which your dependent is enrolled.

NOTE: You are asked to record your telephone number and email address. It is important to remember to update these if they change.

SPECIAL ENROLLMENT NOTICE: If you do not enroll yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in the Cooperative's plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. If you do not request enrollment within 30 days, your request to enroll your dependent will be denied. See **Your Life Events** section.

Your Required Documents

If you enroll dependents, you must supply documentation to substantiate the eligibility of each dependent. (See **Exhibit 1**)

These documents must be submitted to the Benefits Office within 30 days of your date of hire. If you fail to supply the necessary documents, coverage will not be approved. The next opportunity to enroll your dependents is the following Open Enrollment.

Make copies of the documents – do not supply originals unless requested - and record your name and telephone number on each document.

Send documents via post or inner-office mail or hand deliver to:

**Franklin County Benefits Office
373 S High Street, 25th Floor
Columbus, OH 43215**

Fax documents to:

Your Open Enrollment

Open Enrollment occurs yearly and is your opportunity to make changes to your benefit elections. Changes are effective January 1st.

Federal restrictions prohibit dropping, adding, or changing health plan coverage outside of Open Enrollment unless a Life Event occurs.

Your Life Events

Life Events are life changes that occur outside of Open Enrollment that can alter your benefit needs. Certain qualifying life events allow you to change your benefits before the next annual Open Enrollment. These events are listed on the following page. You may change your health, your life and your disability insurance coverage.

You have 30 days from the date of a Life Event to make changes to your benefits. Eligibility documents are required whenever a dependent is added to or removed from coverage. Refer to **Your Required Documents** in this guide for a list of required documents when adding a dependent. The chart on the following page provides required documents for removing a dependent.

NOTE: A note about legal separation, divorce and ending a domestic partnership: Dissolution, divorce or termination of a domestic partner is a difficult and life-altering process and can be emotionally and financially challenging. The Employee Assistance Program (EAP) provides services which may help.

- Individual or Family counseling
- Relationship counseling
- Financial consultation
- Legal consultation

It is important to remember that it is your responsibility to notify the Benefits Office of any change in eligibility of a spouse or domestic partner. You must:

- Notify the Benefits Office within 30 days of a court approved divorce or dissolution
- Complete an Affidavit of Termination of Domestic Partnership within 30 days of terminating a domestic partnership

Failure to notify the Benefits Office within these timeframes and keeping a legally separated spouse, ex-spouse or ex-domestic partner in coverage, is considered fraud against the plan and is punishable up to and including termination of employment.

The chart below illustrates various Life Events, how to request a change in your benefits and notes about the documentation that is required.

All Life Events must be submitted online at <https://fccbenefits.com>. Click on the green START HERE and select the appropriate Life Event in the drop down list. If you are unsure what Life Event to select, please contact the Benefits Office for direction. Submit the required dependent verification documents directly to the Benefits Office.

Life Event	How to request change? *	Effective Date of Coverage Change	Required Documentation
Marriage	Online	The first of the month following the date of the marriage	Refer to Exhibit 1 Definitions and Required Documents

Your Status Changes from Part-time to Full-time

If your status changes from part-time to full-time and you become eligible for benefits, you will enroll as if you are a New Hire, with the date you are placed in a full-time status as your date of hire. Follow the instructions in the **Your New Hire Enrollment** section of this guide.

You Transfer to a New Agency

If you transfer to a new agency within 30 days or less of leaving your old agency, there will be no break in coverage. If your break in employment from the County is greater than 30 days, you will be treated as a New Hire.

Your Employee Information in <https://fccbenefits.com>

If corrections are needed to your **Name, Address, Social Security Number, Birth Date** or **Department**, contact your HR/Payroll Officer. You cannot make these changes yourself.

Your Employment Termination

If your employment terminates:

- Benefits terminate on the last day of the month in which your employment terminates.
- Information regarding your COBRA rights is mailed to your home.
- Life insurance continuation options are offered. If you wish to take advantage of the life insurance portability or conversion feature, please contact the life insurance carrier. Continuation of life insurance coverage must be requested within 31 days of the date your coverage terminates.

Your Questions

If you have questions regarding your **eligibility, enrollment, life event changes or unresolved claim issues**, contact the Franklin County Benefits Office at the telephone number or email address provided on the front cover of this guide. The Benefits Office is located on the 25th floor of the Franklin County Courthouse at 373 S. High Street, Columbus, OH, 43215 and is staffed Monday through Friday, 8am to 5pm EST. Walk-ins are welcome!

Your Life Insurance

Basic Life/Accidental Death & Dismemberment (AD&D)

Basic Life is group term life insurance that pays a \$50,000 benefit if an **employee's** death results from illness or injury. You are provided this coverage at no cost to you. (Dependents not covered.)

A \$50,000 AD&D benefit is also provided at no cost to you and pays an additional benefit for an employee's loss resulting from an accident. The amount payable is a percentage of the \$50,000 AD&D benefit, determined by the loss. Examples are provided below. For a full listing of covered losses and corresponding percentages, refer to the life insurance certificate.

Loss paying a 100% benefit or \$50,000:	Life Disappearance (presumption of death) Death due to exposure Sight in both eyes Quadriplegia
Loss paying 50% benefit or \$25,000	One hand or one foot Speech Hemiplegia Paraplegia

The AD&D benefit also includes the following:

Seat Belt Benefit:	The lesser of \$25,000 or 50% of the amount of AD&D benefit payable for loss of life, if death results from an automobile accident and a seat belt was properly worn at the time of the accident.
Career Adjustment Benefit:	\$5,000 per year, or the cumulative total of \$10,000 or 25% of the AD&D benefit, whichever is less, for tuition expenses for a surviving spouse for training/education.
Child Care Benefit:	\$5,000 per year, or the cumulative total of \$10,000 or 25% of the AD&D benefit, whichever is less, for child care in order for a surviving spouse to work or to obtain training for work in order to increase wages.
Higher Education Benefit:	\$5,000 per year, or the cumulative total of \$20,000 or 25% of the AD&D benefit, whichever is less, for tuition expenses for each surviving child enrolled in an institution of higher education.
Line of Duty Benefit:	The lesser of \$50,000, or 100% of the amount of the AD&D benefit otherwise payable, for a loss sustained by a public safety officer (police, corrections or judicial officer) while in the line of duty.

Occupational Assault Benefit: The lesser of \$25,000 or 50% of the amount of the AD&D benefit otherwise payable, for a loss while actively at work, resulting from an act of physical violence that is punishable by law.

Public Transportation Benefit: The lesser of \$200,000, or 200% of the amount of the AD&D benefit otherwise payable for loss of life, for death resulting from an accident while riding as a fare-paying passenger on public transportation.

You do not need to enroll in the health benefits plan in order to receive Basic Life/AD&D coverage but you **must** designate a beneficiary on the online enrollment system.

Active at Work Provision

You must be actively at work in order for coverage to become effective. If you are incapable of active work because of sickness, injury or pregnancy on the day before the scheduled effective date of insurance, insurance will not become effective until the day after you complete one full day of active work as an eligible employee.

Additional/Supplemental Life

You may purchase additional life insurance for yourself as well as coverage for your spouse or domestic partner and children. This coverage provides a benefit if death results due to accident or illness. There is no AD&D benefit attached to Additional (Supplemental) Life.

You pay 100% of the cost of this coverage. Premium is deducted from your paycheck on a post-tax basis. Additional (Supplemental) Life is group term life.

Additional (Supplemental) coverage can be requested in the following amounts:

- Employee: In increments of \$10,000 up to a maximum of \$300,000
Guaranteed Issue Amount: \$100,000
- Spouse/Domestic Partner: In increments of \$10,000 up to a maximum of \$150,000
Guaranteed Issue Amount: \$50,000
- Children: In increments of \$5,000 up to a maximum of \$10,000
Guaranteed Issue Amount: \$10,000
If both parents are County employees, child coverage can only be elected by one parent. A maximum of \$10,000 coverage total is allowed.

It is important to understand Guaranteed Issue (GI). GI allows you to enroll yourself, your spouse or domestic partner and children without supplying any paperwork or completing any medical application. GI is only available if you are a New Hire or if you experience a Life Event. It does not apply during Open Enrollment, so your New Hire Enrollment may be your only chance to take advantage of Guaranteed Issue.

Coverage requests up to the GI amount are automatically approved. Requested coverage over the GI amount must be approved by the life insurance carrier. If you request Additional (Supplemental) Life insurance **over** the GI amount, you must complete a Medical History Statement and submit it to Standard Insurance Company for approval. The form is printable from the online enrollment system. The effective date of any coverage above the GI amount is determined by Standard Insurance Company.

Example at **New Hire**: You request \$200,000 for yourself and \$100,000 for your spouse during your New Hire enrollment. You are automatically approved for \$100,000 and your spouse is automatically approved for \$50,000. The enrollment system alerts you that a Medical History Statement is required for the amounts above the Guaranteed Issue and supplies a downloadable Medical History Statement for you to complete and send to the life insurance carrier. You receive written notice from the life insurance carrier upon their decision to either approve or deny the coverage.

Example at **Life Event**: You are already enrolled for \$50,000 Additional (Supplemental) Life and your spouse is already enrolled for \$30,000. Congratulations ... you are the proud parents of a newborn baby boy. Just as you are able to make changes to your medical coverage **within 30 days of a life event**, you are also able to make changes to your life coverage. You request an increase of \$100,000 for yourself and an increase of \$70,000 for your spouse. You are automatically approved for an additional \$50,000 (A total of \$100,000 – which is the GI amount) and must complete a Medical History Statement to be considered for the remaining \$50,000. Your spouse is automatically approved for an additional \$20,000 (A total of \$50,000 – which is the GI amount) and must complete a Medical History Statement to be considered for the remaining \$50,000. You enroll your son for \$10,000 of coverage, all of which is automatically approved.

Additional/Supplemental Life rates are provided in this guide.

Accelerated Death Benefit

This provision provides funds for the terminally ill while still living. It pays 75% of the death benefit to a maximum of \$500,000. It is available to you, your spouse and your children and allows you to receive a portion of the death benefit during your lifetime, prior to death.

MEDEX Travel Assist

You have available 24/7 travel assistance ranging from non-emergency (assistance with obtaining a passport, currency exchange, health hazard advice and inoculation requirements) to emergency (locating medical care providers, interpreter or legal providers, emergency ticket, passport replacement, emergency evacuation, repatriation and personal security) services. Travel must be at least 100 miles from home.

Beneficiary Financial Counseling

Available to individuals who receive a life insurance or accelerated death benefit, this service provides financial guidance, assistance locating a financial advisor and tips on researching and purchasing different kinds of investments on your own.

Portability and Conversion Options

You have two options to continue your life insurance coverage if you leave County employment or a dependent loses eligibility.

- Portability is group term insurance at a slightly higher premium rate with some restrictions.
- Conversion is a whole life policy at significantly higher premium rates.

Requests for Portability or Conversion are made to the life insurance carrier and **must be made within 31 days of the date your coverage terminates** under the benefit plan.

Your Disability

You can help protect your financial future should an illness or injury leave you unable to work with **Short Term Disability (STD) and Long Term Disability (LTD)** Insurance coverage underwritten by Metropolitan Life Insurance Company (“MetLife”).

Short Term Disability Insurance replaces a portion of your income during a maternity leave, illness or injury with a shorter duration while **Long Term Disability** Insurance helps replace a portion of your income for extended illness or injury. Both types of coverage are great ways to get protection against life’s unexpected events.

The following pages include the following:

- Full disability program description
- Age-based rate table

Active at Work Provision

You must be actively at work in order for coverage to become effective. If you are not Actively at Work on the date insurance would otherwise take effect, insurance will take effect on the day you resume Active Work.

Actively at Work or Active Work means that you are performing all of the usual and customary duties of your job. This must be done at:

- the Policyholder’s place of business;
- an alternate place approved by the Policyholder; or
- a place to which the Policyholder’s business requires you to travel.

You will be deemed to be Actively at Work during weekends or Policyholder approved vacations, holidays or business closures if you were Actively at Work on the last scheduled work day preceding such time off.

Your Flexible Spending Account

A Flexible Spending Account (FSA) is an employer-sponsored benefit program that allows you to set aside pre-tax dollars from your paycheck to pay for eligible health or dependent care expenses. If you are a benefits eligible employee, you are eligible to participate in the FSA plans. You do not need to be enrolled in the health plan. This is a 100% voluntary program. To participate in the dependent care FSA (DCFSA), a few additional IRS imposed requirements also apply.

- You are unmarried.
- Your spouse works, is actively seeking work, is a full-time student, or is disabled and incapable of self-care.
- You are divorced or legally separated and have custody of your child even though your former spouse may claim the child for income tax purposes. Expenses associated with the child care services provided for the period the child resides with you are reimbursable.

The dollars you set aside in your health care FSA (HCFSA) account can be used to pay for eligible health care expenses for you, your spouse/domestic partner and your dependent children. The expenses do not need to be associated with your Cooperative health plan. Dollars set aside into a health care FSA (HCFSA) are available on the 1st day of the plan year.

The dollars you set aside in your dependent care FSA (DCFSA) can be used to pay for eligible dependent care expenses like daycare or preschool. Dependent care FSA (DCFSA) dollars are only available as they are deducted from your paycheck and deposited into your DCFSA account. For both accounts, dollars are deducted before federal or state taxes are calculated on your paycheck. Your taxable income is lower, therefore, you pay less taxes.

FSAs have a 'Use it or Lose it' rule that requires you to use all the money in your FSA by the end of the plan year. 'Unspent' FSA dollars won't be returned to you and funds do not roll over to the next plan year.

One of the features of your health care FSA is the FSA Benefits Card/MasterCard, which gives you easy access to your health care FSA dollars. Swipe your benefits card (just like a regular bank card) and funds are automatically taken from your FSA account and paid to the provider. Paper claim forms can be submitted along with receipts for any claim.

If you have elected to be reimbursed by Direct Deposit, your FSA funds are deposited directly into your bank account. Otherwise, a check is mailed to you via US Mail.

Your Employee Assistance Program (EAP)

Your Employee Assistance Program (EAP) offers confidential support for everyday challenges and is available 24 hours a day 7 days a week. Services are available to any member of your household. You are not required to be enrolled in the benefit package to receive EAP services.

Your EAP benefit allows up to **8** sessions per presenting problem per year for assessment, short-term counseling and/or referral services. This benefit is provided at no charge to you.

Assistance is available for many life challenges, opportunities and disappointments, including:

Alcohol/drug use	Parenting	Anxiety
Depression	Job performance	Career/vocation
Self-esteem issues	Child/elder care	Legal concerns
Living wills	Smoking cessation	Family relationships
Taxes	Financial concerns	Relationship difficulties
Marital counseling	Peer/work relationships	Stress management

Accessing EAP services

Services MUST BE obtained from a network provider.

To locate an EAP clinician, contact United Behavioral Health at the intake number above or log onto www.liveandworkwell.com and conduct a provider search.

Services MUST BE certified.

To obtain a certification for services, call United Behavioral Health at the intake number above before visiting your clinician. You may prefer to obtain a certification online at www.liveandworkwell.com.

You do not receive a separate ID card from United Behavioral Health. The intake number is printed on the back of your United Healthcare ID card.

Your Medical

Your medical plan is United Healthcare’s **Choice Plus PPO** – a Preferred Provider Organization – which provides coverage for both in-network and out-of-network providers. Your out-of-pocket expense is lower if you use an in-network provider; however, if you wish to seek benefits outside of the network, you still receive comprehensive benefits.

UnitedHealth Premium Program

The UnitedHealth Premium Program recognizes physicians and facilities meeting or exceeding guidelines for quality and cost efficient care and encourages you to use this information to make an informed choice when selecting a provider.

The program uses evidence-based medicine and national standards to evaluate quality. Cost efficiency standard rely on local market benchmarks for the efficient use of resources in providing care.

Physicians in 22 specialties can receive a Tier 1 Premium designation. If your physician practices in one of the specialties below and is rated a Tier 1 Premium provider, your copay will be less than providers not rated Tier 1. To find out the designation of your physician, go to www.myuhc.com or www.mychoicenotchance.com.

Allergy	Cardiology	Cardiology Electrophysiology
Cardiology Interventional	Cardiothoracic Surgery	Ear, Not and Throat (ENT)
Endocrinology	General Surgery	General Surgery – Colon/Rectal
Nephrology	Neurology	Neurosurgery – Spine
Ophthalmology	Orthopaedic – Hand	Orthopaedic – Foot/Ankle
Orthopaedic – Hip/Knee	Orthopaedic – Shoulder/Elbow	
Orthopaedic – Spine	Orthopaedic – Sports Medicine	
Pulmonology	Rheumatology	Urology

Your copay for specialty care outside of the specialties listed above and for Primary Care Physician services (General and Family Practitioner, Internal Medicine, Pediatrician and OB/GYN) is \$20 regardless of designation.

Custom Care Coordination (1.866.844.4869)

Facing a long-term chronic illness or other complex health issue can take a huge toll on you and your family. With Custom Care Coordination, you have 24/7 access to a team of registered nurses – dedicated to Franklin County Cooperative members – to provide extra support every step of the way. Tailored to your specific situation, your nurse helps you take full advantage of the resources already available to you, gives you tips for working with your health care providers more effectively, tells you about additional services that may be helpful and answers questions about your specific health concerns.

Custom Care Coordination is voluntary and you and your nurse work to establish the level of support which you want and need. You may contact Custom Care Coordination directly by calling the telephone number for Members on the back of your United Healthcare ID card. Or a nurse may contact you if you have an existing chronic health condition, such as asthma, diabetes or coronary artery disease or if you've had a recent or are expecting a future hospitalization.

Nurseline (1.800.736.4513)

Nurseline provides access to registered nurses, day or night, to help you make healthcare decisions.

“My baby has a temperature of 102 degrees. It’s midnight. What do I do?”

“I have diabetes. How can I manage my condition and stay healthy?”

“I’ve been diagnosed with breast cancer. What treatment options are available?”

“I don’t have a primary care physician. Can you help me find one?”

These nurses are an excellent resource when you need help choosing care, understanding treatment options and more. Nurseline also provides access to an audio health information library with over 1,100 health and well-being topics.

Healthy Pregnancy Program (1.888.246.7389) *New incentive effective April 1, 2015*

A healthy pregnancy is the first step to a healthy baby and mother. The Healthy Pregnancy Program provides health assessments, customized educational materials and maternity nurse support throughout your pregnancy. Enrollees in the Healthy Pregnancy Program are eligible to receive up to \$200 in gift cards: a \$50 gift card upon enrollment and a \$150 gift card upon completion of the program (approximately two weeks post delivery). When United Healthcare becomes aware of your pregnancy, you are mailed a welcome packet inviting you to join the program. If you are interested, simply return the postage-paid business reply card, call 1.888.246.7389 or visit the Healthy Pregnancy Program website at www.healthy-pregnancy.com.

Neonatal Resource Services (1.888.936.7246)

The Healthy Pregnancy Program helps to identify high-risk pregnancies. During the last months of your pregnancy and well into the first year of your newborn’s life, the Neonatal Resource Services provides nurse consulting services and a Neonatal Centers of Excellence network to help you find the specialized care you and your baby need. Call Optum Health at 1.888.936.7246 and follow the prompts or visit the United Resource Networks website at www.myuhc.com.

Cancer Resource Services (1.866.936.6002)

Nurses that specialize in cancer treatment help you understand your cancer diagnosis, available treatment options, and where you can seek treatment for your specific cancer. Gain access to some of the nation's leading cancer centers by calling 1.866.936.6002 or visiting the United Resource Networks website at www.myuhc.com.

Kidney Resource Services (1.888.936.7246)

Kidney Resource Services provides access to a Centers of Excellence network of top-performing dialysis centers and nurse consulting services to support the management of kidney diseases. Dialysis patients who are candidates for kidney transplantation can also access the Transplant Centers of Excellence network. Call 1.888.936.7246 and follow the prompts or visit the United Resource Networks website at www.myuhc.com.

Congenital Heart Disease (CHD) Services (1.888.936.7246)

Congenital heart defects are the number one cause of death for children from a birth defect during the first year of life. Treatment usually involves complex surgical interventions. This program provides information and access to the CHD Centers of Excellence network, and gives patients care that is planned, coordinated and provided by a team of experts who specialize in treating CHD. Nurses help you find a network medical center for specialized care. Call 1.888.936.7246 and follow the prompts or visit the United Resource Networks website at www.myuhc.com.

Transplant Resource Services (1.888.936.7246)

The Transplant Centers of Excellence network is the nation's leading network and includes only transplant programs that have met strict criteria for transplant excellence. Nurse consultants provide the information you need to make informed decisions about transplant care. Call 1.888.936.7246 and follow the prompts or visit the United Resource Networks website at www.myuhc.com.

Bariatric Surgery

Bariatric surgery is a serious, life-changing medical procedure that should be considered as a final step in one's weight loss journey. Coverage eligibility **requires** 2-year enrollment in the benefit plan prior to surgery, a six-month weight loss effort medically documented and supervised by the patient's treating physician with a minimum of one physician visit per month for six consecutive months. Services may include nutritional/dietary counseling, pre-operative screenings and participation in program support groups. Surgery must be performed by one of the network programs listed below. Surgery is subject to the deductible. Standard copays apply for any pre or post operative testing. Additional administrative and counseling charges vary by program. Limited skin excision benefits after surgery may be available.

Gender Identity Disorder

Gender Identity Disorder (GID) is a condition in which a person has been assigned one gender but identifies as belonging to another gender. Treatment of GID includes a multidisciplinary approach involving medical, pharmacy, as well as behavioral health services. Coverage includes psychotherapy, continuous hormone replacement, and surgery to change the genitalia and specified secondary sex characteristics. There are specific and stringent qualifications that must be met in order to qualify for services including well-documented gender dysphoria, completion of at least 12 months of continuous hormone therapy without contradictions, and at least 12 months of successful continuous full time real life experience in the desired gender. The treatment plan must conform to identifiable external sources including the World Professional Association for Transgender Health Association (WPATH) standards, and/or evidence-based professional society guidance. Surgery is subject to the deductible. Standard copays apply for office visits.

Your Prescription Drug

Your prescription drug plan encourages the use of generic prescription drugs whenever appropriate. Your copays are lower for generic medications and programs such as Step Therapy assist you in finding lower cost, equally effective alternatives when appropriate. Coverage for brand name medications is available; however, because brand drugs cost the plan more, your copay for brand name prescription drugs is higher.

Over-the-counter (OTC) medications (Proton Pump Inhibitors (PPIs) and Other Preventive Care Medications) are covered by the plan as indicated below. You can get up to a 30 day supply of an over-the-counter medication at a retail pharmacy. Over-the-counter medications are not available through mail order. In order to receive coverage for an over-the-counter medication, you must have a written prescription from your physician. Present the OTC medication, the written script and your Catamaran identification card to the pharmacy counter.

A \$4,000 individual and \$10,000 family Maximum Out-of-Pocket limit applies to pharmacy coverage. If your out-of-pocket prescription drug expenses reach \$4,000, 100% coverage will be applied during the remainder of the plan year.

BriovaRx (1.855.4BRIOVA or 1.855.427.4682)

BriovaRx is your exclusive specialty medication mail order pharmacy. With the exception of a short list of medications that are required for short term use in certain circumstances, specialty medications are not available from your retail pharmacy.

With BriovaRx, you receive personalized medication management, benefit coordination, education materials and social support services. This is particularly important if you are just beginning treatment with a specialty medication. Your care coordinators are specialty medication experts – in the field of study in which you require for your individual needs – and are available Monday through Friday, 8am to 9pm EST and Saturday, 9am to 1pm EST. If you have an urgent need relating to your medication after hours, a licensed pharmacist is available to assist you.

To get started, call 1.855.427.4682. A BriovaRx representative verifies benefits, assists with prior authorizations if needed and coordinates the shipment of your medications and any supplies necessary for administration, at no additional cost, to the destination of your choice.

Retail at your Local Pharmacy vs Mail Order through Home Delivery

Both retail and mail order options are available. Up to a 30-day is available at retail. If you are taking a maintenance medication, you may prefer to obtain a 90-day supply through the Catamaran mail order pharmacy. You save both time and money by obtaining your prescriptions through Home Delivery/mail order.

Time: If you choose mail order, your medications are delivered to your home in a non-descript envelope. No waiting in line at the pharmacy.

Once your prescriptions are established at mail order, you receive a reminder – either an email or a telephone call - when it is time to refill. Pick up the phone to order your refill or go online to www.myCatamaranRx.com and request a refill.

Cost: The annual cost of a Non-Preferred Brand drug at retail is \$600 (\$50 x 12 fills = \$600). The same supply of medication at mail order is \$500 (\$125 x 4 fills = \$500). That represents a \$100 savings each year

The annual cost of a Preferred Brand drug at retail is \$300 (\$25 x 12 fills = \$300). The same supply of medication at mail order is \$250 (\$62.50 x 4 fills = \$250). That represents a \$50 savings each year.

The annual cost of a generic drug at retail is \$60 (\$5 x 12 fills = \$60). The same supply of medication at mail order is \$50 (\$12.50 x 4 fills = \$50). That represents a \$10 savings each year.

Catamaran covers the cost of standard shipping.

Go to www.myCatamaranRx.com to learn more about mail order including how to transfer your prescriptions from retail to mail order.

Generic vs Brand

Always ask your doctor, 'Is there a generic available to treat my condition?'

When a company develops a new drug, the FDA provides a period of time called a drug patent period, where no other company may sell the drug. This allows the original company to recover the investment in the research and development of the medication. But this also eliminates competition and causes the price to remain high. After the drug patent period has expired, other companies manufacture generic versions of the original brand medication. Since the production of generic medication does not require large investments in research, development and advertising, the cost of generics is significantly less than that of brand name medication. All generic drugs must meet the same FDA standards of quality as the brand-name drug.

Generic Equivalent vs General Alternative

Brand name drugs may have generic **equivalents** and generic **alternatives**.

A generic equivalent **contains the same active ingredient** as the brand name drug. Your pharmacy can substitute the generic equivalent drug in place of the brand name drug without a new prescription.

A generic alternative is a medication that **does not contain the same active ingredient** as the brand name, but produces the same therapeutic results. Because it is not an exact equivalent to the brand, your pharmacy **cannot** automatically substitute the generic alternative.

Mandatory Generic and Dispense as Written

If a prescription is presented for a brand name medication for which there is a generic equivalent available, the pharmacist is instructed to fill the script as a generic, unless otherwise directed by the member. If your physician has indicated 'dispense as written' or 'DAW' on the written prescription, the brand name medication is dispensed. This does

not, however, lower the copay. If you obtain a brand name medication for which there is a generic equivalent available, you pay the brand name copay as well as the cost difference between the brand and the generic drug. Quite often, you pay the full cost of the drug.

Formulary or Preferred Drug List

Your formulary, also known as a preferred drug list, is a recommended list of brand name and generic drugs that have been compared and evaluated against other brand-name and generic medications by a committee of physicians, pharmacists and other healthcare representatives. The drugs on the preferred drug list are chosen because they provide maximum quality and value for your plan and yourself. It is recommended that you carry a copy of your formulary in your wallet or purse and provide a copy to your physician for your medical file.

Step Therapy

Step Therapy is a program especially for people who take prescription drugs for ongoing conditions like arthritis, high cholesterol, high blood pressure, etc. These drugs are sometimes referred to as maintenance medications. Step Therapy helps the member identify a safe and effective drug to treat the condition while keeping costs as low as possible for both the member and the plan.

Step Therapy drugs are grouped in categories:

Frontline/first-line drugs (generic and some low cost brand): These drugs are proven safe, effective and affordable. Step Therapy requires (with exceptions) that a Frontline/first-line medication be tried first. *Why?* Because these drugs provide the same health benefit as more expensive drugs, at a lower cost.

Back-up drugs (brand): These drugs are much more expensive to the member in the form of a higher copay and to the plan in higher overall cost. Back-up drugs have not been proven to be any safer or more effective than Frontline drugs.

Step Therapy requires members who are beginning to take Step Therapy drugs for the first time to try the Frontline drug first.

Retail Pharmacy: If you present a prescription for a Back-up drug at your local pharmacy, the pharmacist alerts you of the requirement to use a Frontline drug first. Your pharmacist may or may not offer to contact your physician's office to discuss your options. It is recommended that you discuss your options with your physician. In order for the pharmacy to dispense a Frontline medication, your physician must write a new prescription or call in a new prescription to the pharmacy.

Mail Order: Similarly, if you submit a prescription for a Back-up drug at the mail order pharmacy, Catamaran informs you that they cannot fill the script as written. They then reach out to your physician to discuss your options. Again, it is recommended that you contact your physician's office. After multiple attempts, if Catamaran receives no response from your physician's office, the written prescription is returned to you with a letter of explanation.

If there is a medical reason (i.e. allergy to the Frontline drug, tried the Frontline drug before and it didn't produce the desired therapeutic results, etc.) that would prevent you from taking the Frontline drug, your physician should contact Catamaran and request a Prior Authorization.

Your Dental

You have a choice between two dental plan options: the Aetna Dental PPO or the Aetna DMO.

Aetna Dental PPO – a Preferred Provider Organization – provides coverage at both in-network and out-of-network providers. Your out-of-pocket expense is lower if you use an in-network provider. If you use an out-of-network provider, you pay a \$25 deductible, a higher coinsurance and any charges above the reasonable & customary rate.

Aetna DMO – a Dental Maintenance Organization – provides coverage only at in-network providers. If you obtain services from an out-of-network provider, you do not have coverage.

Plan Provision	Aetna Dental PPO		Aetna Dental DMO
	In-Network	Out-of-Network

A full detailed list of the dental services offered under the Aetna Dental DMO plan and the accompanying fixed copays is available from the Franklin County Benefits Office or at <http://bewell.franklincountyohio.gov>.

Your Behavioral Health

If services beyond those provided by the EAP are needed and you are enrolled in the benefit package, your behavioral health benefit ‘kicks in’. The network of EAP clinicians is also the network of behavioral health clinicians, so care continues with the same clinician.

Plan Provision	United Behavioral Health	
	In-Network	Out-of-Network
Annual Deductible	None	All services* are subject to the deductible and coinsurance. * Emergency Care coverage is the same as in-network coverage. Maximum Out-of-Pocket (MOOP)	\$600 Individual \$1,500 Family	
Outpatient	100% coverage for the first 30 visits \$20 copay for additional visits beyond the first 30 visits	
Inpatient	100% coverage for inpatient treatment for mental health or substance abuse	
	In-Network	Out-of-Network
Do copays apply to the deductible?	N/A	No
Do copays apply to the MOOP?	Yes	No
Does the deductible apply to the MOOP?	N/A	Yes
Amounts applied to the medical deductible and MOOP will also be applied to the behavioral health deductible and MOOP and vice versa.		

Accessing Behavioral Health services

If treatment transitions from EAP to in-network behavioral health, you or your provider **MUST** contact United Behavioral Health. The intake number is printed on the back of your United Healthcare ID card. If you are accessing an out-of-network provider for treatment, **authorization is recommended prior to services being rendered.**

Your Vision

Your vision benefit provides coverage at both in- and out-of-network providers. Your out-of-pocket expense is typically much higher at an out-of-network provider. Network providers also handle the submission of your claim. Out-of-network providers do not. For assistance with out-of-network claims, contact VSP or download a claim form at www.vsp.com.

Visit www.vsp.com to locate a network provider or call 1.800.877.7195 and follow the Interactive Voice Response (IVR) system prompts. Both the website and the IVR system require your social security number and zip code to generate a list of network providers in your area.

Your COBRA

The Consolidated Omnibus Budget Reconciliation Act (COBRA) requires continuation health coverage is offered to eligible individuals who lost health coverage due to certain specific events. Franklin County Cooperative Health Benefits Program offers COBRA continuation coverage at full cost of coverage plus a 2 percent administrative charge.

COBRA coverage under the Franklin County Cooperative Health Benefits Program includes medical, prescription drug, dental, vision and behavioral health. It does NOT include Employee Assistance Program or term life insurance coverage. All eligible employees can elect COBRA coverage for a period of up to 18 months and dependents for up to 36 months.

The qualifying events that cause an employee to lose group health coverage are:

- Termination of the employee's employment for any reason other than gross misconduct
- Reduction in the employee's hours of employment

The following are qualifying events for the spouse, domestic partner or dependent child of a covered employee if they cause the spouse, domestic partner or dependent child to lose coverage:

- Termination of employee's employment
- Reduction in the employee's hours of employment
- Death of the employee
- Divorce, legal separation of the employee or termination of a domestic partnership
- Loss of eligibility by an enrolled dependent who is a child
- Spouse or domestic partner becomes eligible for Medicare
- Covered employee becomes entitled to Medicare

Contact your HR/Payroll Officer for current COBRA rates and to initiate the COBRA process. For additional information call the Franklin County Benefits Office.

Other Important Information

Health Insurance Portability and Accountability Act of 1996 (HIPAA)

The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available, and have exhausted COBRA or other continuation coverage.

Women's Health and Cancer Rights Act of 1998

As required by the Women's Health and Cancer Rights Act of 1998, we provide benefits under the plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema.) If you are receiving benefits in connection with a mastectomy, benefits are also provided for the following covered health services, as you determine appropriate with your attending physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such covered health services (including copayments and any annual deductible) are the same as are required for any other covered health service. Limitations on benefits are the same as for any other covered health service.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable.) In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours.)

Summary of Benefits and Coverage (SBC) and Uniform Glossary

Your Summary of Benefits and Coverage (SBC) and Uniform Glossary provide clear, consistent and comparable information about your health benefits (medical, behavioral health and pharmacy).
