Go generic

Generic drugs usually have a lower copay. Many brand-name drugs have FDA-approved generics that are safe and effective. Ask your doctor if there is a generic medicine for you.

Get delivery

Home delivery of long-term medicine usually costs less than going to a retail pharmacy. Avoid lines, save gas and let us remember the refills for you.

Shop around

Use the website and mobile app to compare costs before you fill a prescription.

Stay in-network

Pharmacies in your network offer the best costs. Use the website or app to find one of the thousands of pharmacies close to you.

Don't forget

Our website and mobile app help you stay on track with refill reminders.
