

Be a flu fighter!

This year it's more important than ever to get your flu vaccine. With COVID-19 remaining a threat, an influx of flu and COVID-19 cases could be a double whammy this fall. While the flu vaccine will not protect you from COVID-19, getting the flu vaccine early can help protect yourself and those around you from influenza.

Who is eligible?

All Franklin County Cooperative employees, spouses/domestic partners, and dependent children 16+ (with guardian present) can get a flu vaccine at one of our convenient flu vaccine clinics or any OhioHealth WorkHealth location at no cost.

You must be enrolled in the health plan to receive a flu shot at your primary care provider or a local pharmacy (see below) at no cost.

Where can I get a flu vaccine?

- **Any pharmacy in our OptumRx network** including Kroger, Giant Eagle and Walmart pharmacies (must bring insurance card). Visit [optumrx.com](https://www.optumrx.com) to find a pharmacy near you.
